ROSER COMMUNICATIONS NETWORK, INC.

EEO OUTREACH ACTIVITIES

February 1, 2021– February 1, 2022

During the period, the Unit had two, fulltime openings in its sales department. The Unit advertised both positions on its six radio stations and utilized All-Access.com and Radio-Online.com for recruitment. The Unit also emailed the job openings to its list of interested community organizations. The radio ads were successful in generating one applicant for each position.

Roser Communications Network, Inc. has set up a comprehensive outreach and recruitment program and an EEO self-assessment program designed to widely disseminate information regarding full-time job opportunities at its stations and to ensure the compliance of the unit with the FCC's EEO rules.

Every six months, all Roser Communications Network, Inc. stations air a Public Notice Press Release inviting community groups, minority organizations and interested civic organizations to notify station management if their group would like to be notified regarding each new, full-time job opening. Roser Communications Network, Inc. also sends these same press releases, annually, to community groups, minority organizations and interested civic organizations seeking the involvement of local groups as part of the licensee's recruitment efforts. To date, twelve local groups have expressed interest in receiving information regarding job openings. The licensee plans to continue its advertising efforts with the hope that more local groups might soon be interested in receiving such information.

Roser Communications Network, Inc. advertises all of its full-time job openings on a variety of media seeking the broadest possible recruitment. Some positions are advertised on the air and some are through Internet services. The unit seeks to continue experimentation to continue to adjust its outreach and recruitment efforts.

Roser Communications Network, Inc. has selected the following menu options as a result of self-assessment of its EEO program:

Host One Job Fair every other year.

Participate in other activities than the ones listed that the licensee has designed to further the goal of disseminating information about employment opportunities.

Provide training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

2021 - 2022 Outreach Activities

Open House

No Open House was conducted, this period. The Unit elected to conduct two job fairs, instead. One of the job fairs was experimental and is detailed, below.

Job Fair

The Unit hosted two job fairs. The first job fair was held at Breezes Banquet and Event Center, Utica, New York, on May 26, 2021. Approximately forty people attended this job fair. Grant Roser, the general manager, Laurie Britton, from the sales department and Liz Ellis from the promotions department attended this job fair on behalf of the Unit. The Unit had no job openings at the time of this job fair but used the opportunity to conduct a job expo explaining the opportunities in the radio industry.

The second job fair was held online on September 15, 2021 through October 31, 2021 because the original outdoor event was canceled due to inclement weather. This unique, online job fair, which was held over a forty-seven day period, gave interested participants the opportunity to learn about jobs in the radio industry. There was one sales position open at the time of the job fair but the applicant who was hired did not attend the job fair instead responding to the radio advertising. There was no way to determine how many people attended the online job fair. This outreach initiative was an experiment in keeping with the unit's plan to try new forms of outreach.

Management EEO Training

During this employment period, Grant Roser, the General Manager, reviewed the book, Practical Guide to Equal Employment Opportunity by Walter B. Connolly, Jr. and Michael J. Connolly, in order to provide training to ensure equal employment opportunity and discrimination prevention. Mr. Roser reviewed the sections on Affirmative Action including a section on the Development or Reaffirmation Affirmative Action Program Policies. He also read a section on Responsibility for Implementation of Affirmative Action Programs.

Internships

During the period, the unit continued its suspension of its internship program due to the pandemic.
